

# Reservation Priority

1. CDB Classes have top priority and will supersede other requests as needed.
2. Dissertation Defenses in support of degree requirements will also be given preference over other events.
3. CDB Department and PDB Program events such as Seminar lunches, journal club or dbRIC are also in support of our trainees and will have high priority.
4. CDB Primary Faculty takes priority over extra-department use. This is often for group meetings, and lab seminars. Qualifying Exams and committee meetings are included here. Other Faculty, students and staff may use our meeting rooms if available and can ask someone in the CDB administrative office for assistance 5. Extra-department use

Each Year CDB Faculty will be asked to review their requests to make sure the reservations are accurate and being utilized.

CDB Classes - All CDB classes will be booked with 15 minutes of 'padding' before and after. This will allow time for room set-up and hopefully prevent conflicts when classes run a bit long.
