

2019 CALL FOR PAPERS

Deadline: June 21, 2019

The next generation of chemical and biological threat protection could be in your hands. Do you have innovative research that can make a difference in the chem/bio defense community? Submit your abstract and answer the call for papers.

Showcase your research and shape the future of chem/bio defense by presenting at the 2019 CBD S&T Conference. Please submit your abstract through the conference website by June 21.

Key Focus Areas:

- Approaches to Characterizing the Threat from Chemical and Biological Agents
- Developing Medical Countermeasures Against Biological Threats
- Developing Medical Countermeasures Against Chemical Threats
- Generating Actionable Information in the Digital Battlespace
- Novel and Enhanced Detection and Diagnostic Technologies
- Shielding the Warfighter from CB Threats
- Sustaining the Warfighter and Mission through CB Hazards
