

THE WOND'RY AND VANDERBILT INNOVATION COUNCIL PRESENT:

WIN

WOND'RY INTERNSHIP NETWORK

The Wond'ry Internship Network (WIN) provides a platform for undergraduate and graduate students from Tennessee-based institutions of higher learning to reach their inner innovator. Students can explore internship opportunities at regional startups or within one of the many Wond'ry focus areas (Biomedical Innovation, Social Innovation, Entrepreneurship, Innovation Research & Design, Making, the Launch Incubator, and the Wond'ry itself). Through each project, interns not only learn relevant skills but also make an impact by assisting in trailblazing work.
