EXPERIENCE

Data Quality Specialist

May 2022 – Present

HIV Epidemiology and Surveillance, Communicable and Environmental Diseases and Emergency Preparedness Division (CEDEP), Tennessee Department of Health

Ensure the accuracy of both internal and publicly disseminated data through quality-focused projects. Redesigning the way that Tennessee collects, follows, and aggregates perinatal HIV laboratory data using SAS and REDCap.

- Complete daily review of DRR (Documents Requiring Review) in NBS for all Tennessee regions
- Enter correctional facility labs, morbidity reports, and paper labs into NBS and eHARS
- Prioritize quality through QA/validation projects surrounding ELR (Electronic Lab Reporting), NBS, eHARS, and paper labs
- Cleaned and reviewed 30,000 data records through record searches in NBS, PRISM, eHARS, and Accurint
- Created and currently manage a REDCap project to track confidentiality training for new hires and current employees
- Contributed to the creation of the 2020 and 2021 Tennessee HIV Epidemiological Profiles
- Collaborated on key data quality projects for the PRISM to NBS transition, ensuring accurate and reliable data migration

Graduate Intern

May 2023 – Mar. 2024

Maternal and Child Health, Family Health and Wellness Division, Tennessee Department of Health

Developed an interactive, public-facing dashboard to showcase perinatal health indicators for Tennessee.

- Prepared birth certificate data using SAS by synthesizing 400,000 birth records
- Designed and created a Tableau dashboard that complied with data suppression guidelines brought about by collaboration with OIA (Office of Informatics and Analytics)

Data Visualization Intern

Jan. 2022 – May 2022

HIV Epidemiology and Surveillance, CEDEP, Tennessee Department of Health

Synthesized, aggregated, and disseminated data to educate communities and destigmatize HIV. Presented deliverables at the 2022 Tennessee Department of Health Statewide HIV Annual Conference.

- Co-authored the 2020 Tennessee HIV Epidemiological Profile and additional regional educational materials

Pharmacy Technician

Aug. 2020 – May 2023

Kroger Pharmacy

Provided efficient and informative aid to customers on the phone and in person. Worked closely with the head pharmacist and other technicians to input, dispense, label, and verify prescriptions promptly to ensure customer satisfaction.

- Assisted clients in understanding their insurance coverage and other payment options to increase medication adherence

Office Assistant to the Director

Aug. 2019 – May 2022

Public Health Program, Belmont University

Enhanced the Public Health Program by bringing in educational speakers from a wide array of public health fields, hosting events for the betterment of the program, and maintaining strong communication between the students and the faculty.

- Tobacco Legislation SB0028, Tennessee Public Chapter 574, 07/01/2021
- Co-founded a student organization to promote program unity and student engagement
- Created a monthly newsletter to communicate events, public health news, and professional development opportunities

Contact Tracer

Jan. 2021 – Jan. 2022

Health Services, Belmont University

Communicated with students, parents, and professors to slow the spread of COVID-19 on Belmont's campus. Collaborated with nursing staff, residence life directors, and contact tracers to effectively find and quarantine cases and contacts.
