Additional information:

- **Computer access:** For personal laptops, you can use campus wire-
  less network. This is a hidden network (SSID) named **vummiv** with
  no password. Alternatively, you can use the computers located in
  the room 1427. Ask the organizers for the key of this room.

- Rooms 1425 and 1431 are reserved for discussions during the entire
  length of the workshop.
