

Grading student responses to a Kaltura Video Quiz

Kaltura Video Quizzes can be integrated with the gradebook. This will allow Kaltura to pass scores to the gradebook once a quiz is completed. Quiz questions can be in *multiple choice*, *true or false*, or *short answer* format. This guide explains how to link the quiz to your gradebook, and then how to locate your students' quiz responses for grading.

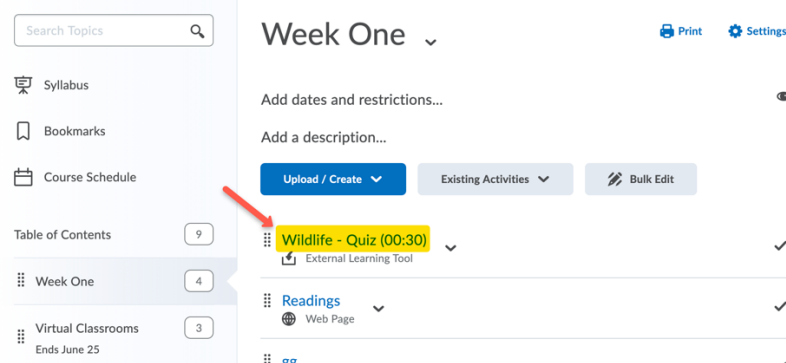

- Link a Kaltura Quiz to the gradebook

Link a Kaltura Quiz to the gradebook

1. Navigate to the Content page in your course, and open the module in which you would like to house your video quiz.
2. Select **Existing Activities** -> **Add Kaltura Media**, then select the video quiz from your library in the box that appears.

3. Click on the quiz title to open the video quiz.

Add a grade item...

5. To use an existing grade item, select the title of that grade item from the dropdown. To create a new grade item to associate with the video quiz, click the **+**.
6. Click **Save** to save your changes. Once students complete the video quiz, their scores will automatically be passed into the gradebook.

View student responses to a Kaltura Quiz

1. Go to your Brightspace Dashboard and click the **My Media** tab
2. Select the **Analytics** icon to the right of the title of your video quiz
