OGL TEAM

MISSION

The Office of Greek Life advocates for meaningful student engagement. We seek to be partners in providing a holistic fraternity and sorority experience rooted in learning, connection, and development that will equip our students for Vanderbilt and beyond.

PRIORITIES

Throughout the 20-21 academic year, the Vanderbilt University Greek community spent significant time reflecting on the purpose and outcomes for our community, giving thoughtful consideration to our past and the changes that need to be made to align with our values and where Vanderbilt University, the country and the world is today. Chapters and councils spent time considering what were the priorities, goals and action steps that we must focus on for our future success. Those priorities, goals, and action steps provide the framework that guides our fraternity and sorority community.

Our community priorities are:

- Diversity, Equity, and Inclusion
- Creating Spaces of Belonging
- Community and Civic Engagement
- Sexual Misconduct Prevention
- Health and Wellness
- Personal and Professional Development

Walker - Rigsby Collaboration Award

SEXUAL MISCONDUCT PREVENTION

The OGL and Project Safe teams implemented the second year of the community-wide sexual misconduct prevention education program. In addition to continuing our Project Safe Liaison, consent education, introduction to bystander basics, and rape culture programs, we added in chapter-wide bystander intervention tactics to learn about barriers and opportunities to intervention.

744

Potential new members
attended consent education

28

chapters had
Project Safe Liaisons

500+

attendees to the Sexual Assault
Awareness Month Kickoff

26

chapters with officers who
participated in sexual
misconduct prevention
training

The OGL and SCSJI teams successfully implemented the second year of our IgniteVU Diversity, Equity, and Inclusion comprehensive educational program. During the Summer of 2022, the remaining OGL team members were able to participate in the IDI Qualified Administrator training to ensure that all staff members across both teams could facilitate all parts of the IgniteVU program.

Fall 2022

- Revised our rubric to include more metrics in determining chapter engagement in the program
- Offered the Intercultural Development Inventory to new members only
- Facilitated 4 Igniting Next Steps sessions for returning community members
- Developed a specific format for the DEI Plans containing sample plans across all orientations along the Intercultural Development Continuum to provide more guidance for plan creation

Spring 2023

- Piloted an IgniteVU Orientation module that could be integrated into chapter new member education meetings
- Updated the Core Sessions to include more Greek-specific examples applicable across all councils
- Offered the Core Sessions to new members and other members who hadn't previously attended

Anticipated Changes

- Repurpose Igniting Next Steps
- Provide more structured DEI Plan check ins through the Greek Inclusivity Alliance
- Pilot the IgniteVU Peer Facilitator Program
- Restructure the Core Sessions with opportunities for in chapter programming and simulations with the OGL and SCSJI facilitator teams

43

Sessions led by the OGL and SCSJI teams

81%

of participants agreed that the information was useful to them as a leader

10

Chapters had 80%+ attendance across all four core sessions

HEALTH AND WELLNESS

This year, the OGL team incorporated new elements into our health and wellness efforts aimed at helping our community recognize the various that they could prioritize and practice a safer fraternity/sorority experience.

GREEK MENTAL HEALTH COLLABORATIVE

After sunsetting the Come to Me Campaign in an effort to focus on year-round mental health advocacy, the Greek Mental Health Collaborative was created. The MHC is a team comprised of members from across the councils who value mental health and seek to hold the community to a higher standard of care for themselves and those around them. In fulfilling one of the main objectives to facilitate and organize programming to destigmatize mental health issues, the team was also able to host their first event this spring, a panel and resource fair featuring mental health professionals and organizations from within Vanderbilt and the larger Nashville community.

RISK ROUNDTABLES

The OGL team set out to host the risk roundtables as an opportunity to approach risk management conversations from a different angle. Our staff has noticed a shift in philosophy that prioritizes not getting in trouble rather than concern for how we care for each other and our guests. Chapter presidents, risk officers, and social chairs were invited to participate in these conversations and the following were major themes that arose:

Policy Education is Needed

Many leaders know the policies, but there are knowledge gaps within the larger community; most importantly that all on campus events are BYOB

Benefits of Registered Events aren't Highlighted

Community members see off-campus, unregistered events as more fun not recognizing the challenges that can arise with those activities

Community-wide Event Opportunities are Desired

Greek students want the chance to host events where all of their friends (affiliated or not) would be welcome, most importantly for tailgates

These themes will serve as the guide for refining our risk education in conjunction with the University's new alcohol and other drug strategic plan.

'22-'23 GME PERFORMANCE

The Office of Greek Life annually recaps the performance of our organizations across the four components of our Greek Member Experience (GME) program.

GME BREAKDOWN

- The Involvement Profile metric gauges how many members are involved in another organization
- The Campus Event metric gauges how many members attended six or more events hosted by different University organizations or offices
- The Community Impact and DEI plan metrics gauge how organizations executed those plans and measured their impact
