

## Vandy in Hollywood

Vandy in Hollywood (ViH) is a nationally recognized summer internship program that helps VU students make connections and obtain coveted experiences in Hollywood. Founded in 2006 by television writer **Chad Gervich** ('96) and streaming executive **Rich Hull** ('92), the program operates with the support of the Vanderbilt Career Center and Vanderbilt Alumni Relations, as well as hundreds of Vanderbilt alumni volunteers working in Hollywood.

Vandy in Hollywood has placed students into internships at virtually every major film studio, television network, production company, and talent agency in Hollywood, and it supports those students with weekly speaker sessions, one-on-one alumni mentors, tickets to red carpet film premieres, and other events.

*Students needing monetary assistance may apply for a stipend.*
