University of California, Davis

Wednesday, August 31

3:00- 4:00 PM

ZOOM:

<https://bit.ly/PD31Aug>

This event features a panel of former CSEO postdoctoral fellows who will discuss their post-CSEO job search and current career path. They will discuss the various career opportunities they have pursued, how they leveraged their research training and CSEO training in the job application process, and how they developed programmatic skills necessary for STEM-focused education careers along the way.

CSEO and DTL students, postdocs, staff, and faculty welcome!
