VANDERBILT CYBERSECURITY PRESENTS:
E-WASTE DISPOSAL DAY

MONDAY, OCTOBER 14TH
8AM - 3PM

As we continue to promote awareness during October Cyber Awareness Month, we recognize how outdated electronics can pose hidden risks to our digital security.

WE WILL HAVE 2 CONVENIENT DROP-OFF LOCATIONS ON CAMPUS!

- **BRYAN CENTER BUILDING:** YOU CAN DROP OFF ANY ELECTRONICS SMALLER THAN A LAPTOP, LIKE PHONES OR TABLETS, AT THIS LOCATION, WHICH OFFERS EASY ACCESS FOR SAFE DISPOSAL. (LOCATION LINK)

- **VUIT HILL CENTER:** PLEASE BRING LARGER ELECTRONICS, SUCH AS LAPTOPS, DESKTOPS, MONITORS, AND PRINTERS, TO THE HILL CENTER PARKING LOT, WHICH IS EQUIPPED TO HANDLE BULKIER ITEMS FOR PROPER RECYCLING AND SECURE DISPOSAL. (LOCATION LINK)

BY TURNING IN YOUR OLD DEVICES AT OUR E-WASTE DAY EVENT, YOU ARE HELPING TO MITIGATE THESE RISKS, ENHANCING NOT ONLY YOUR PERSONAL CYBERSECURITY BUT ALSO THAT OF OUR ENTIRE CAMPUS COMMUNITY.

ADDITIONALLY, YOU ARE PLAYING A VITAL ROLE IN SUPPORTING THE ENVIRONMENT BY ENSURING THESE DEVICES ARE PROPERLY RECYCLED, RATHER THAN ENDING UP IN A LANDFILL.

KEEPING OLD DEVICES AROUND—WHETHER IN A DRAWER, A BOX OR EVEN ACTIVELY USING THEM—CAN EXPOSE YOU TO SIGNIFICANT CYBER THREATS. OLD HARDWARE MAY NOT HAVE THE LATEST SECURITY UPDATES, MAKING IT EASIER FOR HACKERS TO TARGET THEM.

CYBER-ATTACKS CAN HAPPEN IN VARIOUS WAYS:
- *UNAUTHORIZED DATA ACCESS*
- *WEAK SECURITY*
- *RECYCLED ATTACKS*
