

A Community of Scholars Teaching Fellow Workshop

Learned Lab, room 8202

May 31-June 1, 2005

9am-4pm

This folder contains an agenda and readings for the 2005 Teaching Fellows workshop. Please bring this folder with you to the workshop.

In preparation for Tuesday, May 31, please read:

- “What is a Mentor?” Chapter 1 from *Advisor, Teacher, Role Model, Friend: On Being a Mentor to Students in Science and Engineering*
- Notes from April 2005 Meeting with the Research Interns
- The journal club article, “Real-Time Detection of Single-Molecule DNA Compaction by Condensin I,” Strick et al., *Current Biology*, 14, 874-880, 2004.

These materials are also posted in the Teaching Fellows workshop and Journal Club folders on the Community of Scholars Blackboard site (<http://www.vanderbilt.edu/oak/>).

We have also added a number of additional articles to the Teaching Fellows workshop folder that you can read as your time and interest allows. This includes excerpts from:

- *BIO 2010, Transforming Undergraduate Education for Future Research Biologists*
- *How People Learn, Brian, Mind, Experience and School*

If you have any questions about the workshop or about mentoring and learning during the summer program, please contact Jeff Johnston at the Vanderbilt Center for Teaching, jeff.johnston@vanderbilt.edu.
