

National Biomechanics Day April 10, 2019 Open House 2-5pm

Come and explore...

the science of human movement

prosthetics and robotic exoskeletons

smart clothing & assistive technology

Center for Rehabilitation Engineering and Assistive Technology
Engineering and Science Building 331/335/339

National Biomechanics Day April 10, 2019

What: Hands-on activities and demonstrations related to biomechanics, prosthetics and exoskeletons.

Who: Everyone! All Ages!

When: Wednesday April 10th

Where: Engineering and Science Building (ESB) 331/335/339
1212 25th Ave S, Nashville TN, 37212

Why: Experience a day of science, technology, and discovery in the exciting field of biomechanics!
