What is Journey?

The Legacy Mission Village Journey Refugee Youth Services Program works to pinpoint and seek out refugee high school students. We help students achieve their academic and life goals despite their former adversities and setbacks. We positively impact refugee students through academic recovery, cultural activities, mentoring, and opportunities for creative expression

Academic Assistance

We have tutors come in weekly to work with our students on the subjects that they find difficult. Our goal is to foster academic growth through monitoring attendance and grades. The Journey program works to change the students' vision for their future.
