

# 2017 Shanks Workshop on Mathematical Aspects of Fluid Dynamics

*Vanderbilt University, April 8-9, 2017*

## **Speakers:**

- Magdalena Czubak (University of Colorado Boulder)
- Mikhail Feldman (University of Wisconsin)
- Susan Friedlander (University of Southern California)
- Giovanni P. Galdi (University of Pittsburgh)
- Philip Isett (Massachusetts Institute of Technology)
- Hans Lindblad (Johns Hopkins University)
- Jan Prüss (Martin-Luther-Universität Halle-Wittenberg, Germany)
- Eugene Wayne (Boston University)

**Organizers:** Marcelo Disconzi, Giusy Mazzone, Gieri Simonett (Vanderbilt University)

**More information:** <https://my.vanderbilt.edu/shanksfd2017/>

**Aim:** This workshop intends to bring together some leading researchers in the area of mathematical fluid dynamics. The main goal of this workshop is to facilitate discussion and collaboration in a focused setting.

**Financial support:** Limited financial support is available for young researchers and researchers of underrepresented groups. The deadline for applying is February 22, 2017. See <https://my.vanderbilt.edu/shanksfd2017/support-requests/>

Supported by the Shanks Endowment, Vanderbilt University, and the National Science Foundation.
