Circle the number that shows how much control you generally think you have over these problems.

1 2 3 4
 Not at all A little Some A lot

Below is a list of things that adolescents and young adults sometimes do, think, or feel when they are dealing with their kidney disease. Everyone deals with problems in their own way – some people do a lot of the things on this list or have a bunch of feelings, other people just do or think a few of these things.

Think of all the stressful parts of having kidney disease that you indicated above. For each item below, circle **one** number from 1 (not at all) to 4 (a lot) that shows **how much** you do or feel these things when you have the problems with your kidney disease like the ones you indicated above. Please let us know about everything you do, think, and feel, even if you don’t think it helps make things better.
