Circle the number that shows how much control he generally thinks he has over these problems.

1	2	3	4
None	A little	Some	A lot

Below is a list of things that children and teenagers sometimes do, think, or feel when they are dealing with the stressful aspects of having a brain tumor. Everyone deals with problems in their own way – some people do a lot of the things on this list or have a bunch of feelings, other people just do or think a few of these things.

Think of all the stressful parts of having a brain tumor that have been stressful for your son lately that you checked off above. For each item below, circle **one** number from 1 (not at all) to 4 (a lot) that shows **how much** he does or feels these things when he has problems related to having a brain tumor, like the ones you indicated above. Please let us know about everything he does, thinks, and feels, even if you don't think it helps make things better.
