

Learning plan and activity overview

- **Context:** Intro-level Spanish students
- **Lesson Can-Do Statement Addressed:** I can present on an everyday topic (cooking) using simple sentences and familiar “chunked” phrases
- **Communicative Mode:** Presentational - oral
- **Delivery Mode:** asynchronous
- **Plan for Assessment:** Students will receive feedback responses from instructor in the form of comments
- **Materials needed / Technology tool or application:** Edpuzzle activity from previous lesson, Google doc, Planning chart, Flipgrid
- **Estimated time for completion:** 30 mins

Instructor instructions:

First you will need to create a grid and the topic for the students’ recordings.

Once you have created the grid and topic, provide your students with the access code generated for the speaking prompt.

Student instructions:

For this lesson, the recordings are related to our food unit. Prior to this listen, you will have watched the tasty.com Edpuzzle and completed the embedded comprehension questions

STEP 1: Please review the video again to refresh your memory.

STEP 2: Please contribute useful vocabulary words related to cooking on our class google doc. This will help us develop terminology from which to draw for our videos.

Nombre	Sustantivos/comidas (nouns)	Verbos/acciones (Verbs)
Melanie	Pan Mostaza	Untar (to spread)

Please write your name and then add at least three nouns and one verb to our vocabulary chart.

STEP 3: You will decide on the recipe that you want to describe. You are encouraged to share a favorite recipe or you may use a recipe from the idea bank.

Idea bank recipes:

- Green salad
- Fruit salad
- Turkey sandwich

You will now brainstorm the steps and vocabulary that you need for your recording. Please use this chart to help you plan.

Today we are making: _____

We need: _____

First, we _____

Next, we _____

Finally, we _____

You do not have to include the exact measurements. For example, it is okay to say some milk, rather than 2 cups of milk.

STEP 4: Once you have planned your recipe, you will record your own recipe on Flipgrid. Your recording should be between 1 and 4 minutes long.

STEP 5: You should now reply to 2 other posts with at least 2 sentences per response.
