

DAVID LUBINSKI
Department of Psychology & Human Development
0552 GPC
230 Appleton Place
Vanderbilt University
Nashville, TN 37203

September 2019

Office: (615) 343-1195
FAX: (615) 343-9494
david.lubinski@vanderbilt.edu

Educational Background

BA - University of Minnesota, 1981: Summa cum laude with major in Psychology

Honors Thesis:

On a qualitative distinction between hypothetical constructs and intervening variables

PhD - University of Minnesota, 1987: Psychology

Dissertation:

An animal model of the interpersonal communication of interoceptive (“private”) states

Postdoctoral Fellow - University of Illinois, Champaign-Urbana, 1987-1990: Quantitative Methods Training Program, Department of Psychology

Awards and Honors

International Society for Intelligence Research, Lifetime Achievement Award: For Outstanding Contributions to the Field of Intelligence (2018)

APA George A. Miller Award - Division I (Outstanding Article in General Psychology), 2017

American Mensa Foundation: Lifetime Achievement Award (2015)

AERA Pathbreaker Award for Research on Giftedness, Creativity, and Talent (2013)

Distinguished Scholar Award, National Association for Gifted Children (2006)

James McKeen Cattell Sabbatical Award (2003-2004)

Top 5% Productivity Rating Among Developmental Science Faculty (*Developmental Review*, 21), 2001

APA & Templeton Foundation: Templeton Award for Positive Psychology, 2000

Marquis Who's Who in America, 1999

APA Distinguished Scientific Award for Early Career Contribution to Psychology (Applied Research/Psychometrics), 1996

APA George A. Miller Award - Division I (Outstanding Article in General Psychology), 1996

AERA Research Excellence Award - Division E (Counseling and Human Development), 1995

Mensa Awards for Research Excellence, 1990, 1991, 1994, 1999, 2002, 2003, 2008, 2011, 2012, 2013, 2016, 2017

Dissertation Fellowship, University of Minnesota, 1985-86

Eva O. Miller Fellowship, University of Minnesota, 1984-85

Academic Background

Cornelius Vanderbilt Professor of Psychology, Vanderbilt University, Department of Psychology and Human Development, 2019

Professor, Vanderbilt University, Department of Psychology and Human Development, 2001-2019

Associate Professor, Vanderbilt University, Department of Psychology and Human Development, 1998-2001

Associate Professor, Iowa State University, Department of Psychology, 1994-1998

Assistant Professor, Iowa State University, Department of Psychology, 1990-1994

Administrative Background

President, International Society for Intelligence Research, 2013

Board Member, International Society for Intelligence Research, 2012-2014

Board of Trustees, Society for Multivariate Experimental Psychology, 2012-2014

Co-Director, Quantitative Methods (QM) Division, Department of Psychology and Human Development, Vanderbilt University, 2009-2012

Director of Graduate Studies, Department of Psychology and Human Development, Vanderbilt University, 1999-2003

Co-Director, Study of Mathematically Precocious Youth (SMPY), 1991-present

Director, Psychometrics and Applied Individual Differences (PAID) Division, Department of Psychology, Iowa State University, 1994-1998

Editorial Experience

Associate Editor, *Journal of Personality and Social Psychology: Personality Processes and Individual Differences* (2002-2003)

Guest Editor (2014-2015). *Journal of Experimental Psychology: General*.

Guest Editor (2004). Special Section: Cognitive abilities: 100 years after Spearman's (1904) "General intelligence," objectively determined and measured." *Journal of Personality and Social Psychology: Personality Processes and Individual Differences*, 86, 96-199.

Guest Editor, *American Psychologist*, Methodology & Individual Differences (1998-1999, 2002)

Guest Editor. (1996). Special Issue: Applied Individual Differences Research: Its Quantitative Methods and Its Policy Relevance. *Psychology, Public Policy, and Law*, 2, 187-392.

Associate, *Behavioral and Brain Sciences* (1993-Present)

Editorial Board, *The Behavior Analyst* (1989-1991); and *JPSP: PPID* (1997-2001, 2004-2009); *Gifted Child Quarterly* (2004 -); *Perspectives on Psychological Science* (2008-2011); *Psychological Science* (2009-2011), *Review of Educational Research* (2012-).

Referee, *American Journal of Psychology*, *American Psychologist*, *Applied Psychological Measurement*, *Behavioral and Brain Sciences*, *Behavior and Philosophy*, *Developmental Psychology*, *Gifted Child Quarterly*, *Hypertension*, *Intelligence*, *Journal of Applied Psychology*, *Journal of Consulting and Clinical Psychology*, *Journal of Counseling Psychology*, *Journal of Educational Psychology*, *Journal of Experimental Psychology: General*, *Journal of Personality and Social Psychology*, *Journal of Science and Technology*, *Journal of Vocational Behavior*, *Journal of Youth and Adolescence*, *Monographs of the Society for Research in Child Development*, *Molecular Psychiatry*, *Multivariate Behavioral Research*, *Personality and Social Psychology Bulletin*, *Perspectives on Psychological Science*, *Proceedings of the National Academy of Science*, *Psychological Assessment*, *Psychological Bulletin*, *Psychological Review*, *Psychological Science*, *Royal Society Open Science*, *Science*, *Sex Roles*, Sage Publishers (prospectus reviewer), *The American Statistician*

Professional Memberships

American Educational Research Association
 American Psychological Association
 (Fellow, Divisions 1 & 5)
 Association for Psychological Science (Fellow)
 International Society for Intelligence Research
 International Society for the Study of Individual Differences
 National Association for Gifted Children
 Society for Multivariate Experimental Psychology

APA & SIOP Committees

APA (2016-2018, Chair, Edwin Newman Graduate Research Award)
 APA (2014-2016, Board of Educational Affairs)
 APA (2012-2013, Ad Hoc Central Programming Working Group)
 APA (2010-2011, Committee on Scientific Awards)
 APA (2008, Chair, Early Career Award in Applied Psychology)
 APA (2003, Program Chair, Division 1, General Psychology)
 Society for Industrial & Organizational Psychology (SIOP)
 (2014- , Committee Member: Marvin D. Dunnette Prize)

Books

Benbow, C. P., & Lubinski, D. (Eds.). (1996). *Intellectual talent: Psychometric and social issues*. Baltimore: Johns Hopkins University Press.
 Lubinski, D., & Dawis, R. V. (Eds.). (1995). *Assessing individual differences in human behavior: New methods, concepts, and findings*. Palo Alto, CA: Consulting Psychologists Press.

Presentations

Lubinski, D., & Benbow, C. P. (2019, July). *Profoundly gifted adolescents and top STEM graduate students at age 50: Creativity, productivity, and lifestyle*. Achievement Award Address at the twentieth annual meeting of the International Society for Intelligence Research: Minneapolis, MN.

Bernstein, B. O., Lubinski, D., & Benbow, C. P. (2019, July). *Academic acceleration in gifted youth and fruitless concerns about psychological well-being: A 35-year longitudinal study*. International Society for Intelligence Research: Minneapolis, MN.

McCabe, K. O., Lubinski, D., & Benbow, C. P. (2019, July). *The path to STEM leadership: Consistent priorities between age 25 and age 50*. International Society for Intelligence Research: Minneapolis, MN

Lubinski, D. (2019, July). *Distinguished contributor interview: Randall W. Engle*. Interview conducted at the twentieth annual meeting of the International Society for Intelligence Research: Minneapolis, MN.

Lubinski, D. (2018, June). *Finding and nurturing exceptional intellectual talent: Its long-term impact over 45 years*. Keynote Address, Fourth International Conference on Giftedness, Mexico City, Mexico.

Lubinski, D. (2018, June). *What parents should know about gifted children: They are not all the same*. Workshop for Parents, Fourth International Conference on Giftedness, Mexico City, Mexico.

Lubinski, D. (2018, November). *Finding and nurturing exceptional intellectual talent: Its long-term impact over 45 years*. Keynote Address, Learning & Brain Conference, Co-sponsored by Harvard & MIT, Boston, MA. [My flight was cancelled due to weather; a colleague gave my power point presentation.]

Lubinski, D. (2018, September). *Finding and nurturing exceptional intellectual talent: Its long-term impact over 45 years*. Keynote Address, 6th Muensterscher Conference. Munster, Germany.

Lubinski, D. (2018, August). *From Terman to today: A century of findings on intellectual precocity*. Invited Address (2017 George A. Miller Award - Division I: Outstanding Article in General Psychology). American Psychological Association, San Francisco, CA.

Bernstein, B. O., Lubinski, D., & Benbow, C. P. (2018, July). *Contrasting constellations of promise among intellectually precocious youth foreshadow eminence 35 years later*. International Society for Intelligence Research: Edinburgh, Scotland.

McCabe, K. O., Lubinski, D., & Benbow, C. P. (2018, July). *Contributions of gifted individuals in enhancing their communities: A world-wide perspective*. International Society for Intelligence Research: Edinburgh, Scotland.

Kell, H. J., McCabe, K. O., Lubinski, D., & Benbow, C. P. (2018, July). *Healthy, wealthy, and wise: Are intellectually precocious youth "wrecked by success" at midlife?* International Society for Intelligence Research: Edinburgh, Scotland.

McCabe, K. O., Lubinski, D., & Benbow, C. P. (2018, July). *Who are the best among the brightest: A 25-year longitudinal study of elite STEM graduate students*. British Society for Individual Differences: Edinburgh, Scotland.

- Benbow, C. P., & Lubinski, D. (2018, April). *Finding and nurturing exceptional intellectual talent: Its long-term impact over 45 years*. Keynote Address, Wallace Symposium. Johns Hopkins University: Baltimore, MD.
- Bernstein, B. O., Lubinski, D., & Benbow, C. P. (2018, July). *Contrasting constellations of promise among intellectually precocious youth foreshadow eminence 35 years later*. Wallace Symposium. Johns Hopkins University: Baltimore, MD.
- Kell, H. J., McCabe, K. O., Lubinski, D., & Benbow, C. P. (2018, July). *Healthy, wealthy, and wise: Are intellectually precocious youth "wrecked by success" at midlife?* Wallace Symposium. Johns Hopkins University: Baltimore, MD.
- McCabe, K. O., Lubinski, D., & Benbow, C. P. (2018, July). *Who are the best among the brightest: A 25-year longitudinal study of elite STEM graduate students*. Wallace Symposium. Johns Hopkins University: Baltimore, MD.
- McCabe, K. O., Lubinski, D., & Benbow, C. P. (2018, July). *Who are the best among the brightest: A 25-year longitudinal study of elite STEM graduate students*. Society for Personality and Social Psychology: Atlanta, GA.
- Benbow, C. P., & Lubinski, D. (2017, December). *Finding and nurturing exceptional intellectual talent: Its long-term impact over 45 years*. University Lecture. University of Tuebingen, Tuebingen: Germany.
- Lubinski, D. (2017, November). *Studying talent development among intellectually precocious youth: Educational and psychological implications of 40-years of longitudinal research*. Departmental Colloquium Lecture. Department of Psychology, Notre Dame University: South Bend, IN.
- Lubinski, D. (2017, November). *Conceptualizing life as a quantitative psychologist (and other possible lives)*. Professional developmental lecture for graduate students. Department of Psychology, Notre Dame University: South Bend, IN.
- Bernstein, B. O., Lubinski, D., & Benbow, C. P. (2017, October). *Contrasting constellations of promise among intellectually precocious youth foreshadow eminence 35 years later*. Society for Multivariate Experimental Psychology: Minneapolis, MN.
- Benbow, C. P., & Lubinski, D. (2017, July). Keynote Address: *Potential to eminence: Charting its path over 45 years*. International Society for Intelligence Research: Montreal, Canada.
- Bernstein, B. O., Lubinski, D., & Benbow, C. P. (2017, July). *Contrasting constellations of promise among intellectually precocious youth foreshadow eminence 35 years later*. International Society for Intelligence Research: Montreal, Canada.
- Kell, H. J., Lubinski, D., & Benbow, C. P. (2017, July). *Gifted kids and high achievers stay fresh: Health outcomes of four SMPY cohorts at age 50*. International Society for Intelligence Research: Montreal, Canada.
- Lubinski, D. (2017, July). *Distinguished contributor interview: Steven Pinker*. Interview conducted at the eighteenth annual meeting of the International Society for Intelligence Research: Montreal, Canada.
- McCabe, K. O., Lubinski, D., & Benbow, C. P. (2017, July). *Among top STEM graduate students, what early antecedents distinguish ultimate STEM leaders?: A 25-year longitudinal study*. International Society for Intelligence Research: Montreal, Canada.
- McCabe, K. O., Lubinski, D., & Benbow, C. P. (2017, July). *Among top STEM graduate students, what early antecedents distinguish ultimate STEM leaders?: A 25-year longitudinal study*. Rising Stars Symposium, Association of Research in Personality: Sacramento, CA.
- Lubinski, D. (2016, October). *When lightning strikes twice: Profoundly gifted, profoundly accomplished*. Society for Multivariate Experimental Psychology: Richmond, VA.

- Lubinski, D. (2016, July). *Studying intellectual development longitudinally: The Study of Mathematically Precocious Youth*. Psychological Institute of Russian Academy of Education, supported by the Russian Science Foundation. Saint Petersburg, Russia.
- Lubinski, D. (2016, July). *Distinguished contributor interview: Linda S. Gottfredson*. Interview conducted at the seventeenth annual meeting of the International Society for Intelligence Research: Saint Petersburg, Russia.
- Lubinski, D. (2016, May). *When lightning strikes twice: Profoundly gifted, profoundly accomplished*. Symposium: The science of expertise. American Psychological Society, Chicago, IL.
- Lubinski, D. (2015, September). *Distinguished contributor interview: Robert Plomin*. Interview conducted at the sixteenth annual meeting of the International Society for Intelligence Research: Albuquerque, NM.
- Kell, H. J., Lubinski, D., & Benbow, C. P. (2015, September). *Beyond human capital: Civic engagement and community involvement among intellectually precocious youth at midlife*. International Society for Intelligence Research: Albuquerque, NM.
- Plomin, R., Spain, S. L., Pedroso, I., Kadeva, N., Miller, M. B., Iacono, W. G., McGue, M., Stergiakouli, E., Smith, G. D., Putallaz, M., Lubinski, D., Meaburn, E. L., Plomin, R. Simpson, M. A. (2015, September). *A genome-wide analysis of putative functional and exonic variation associated with extremely high intelligence*. International Society for Intelligence Research: Albuquerque, NM.
- Lubinski, D. (2015, April). *Forty years later: What happens to mathematically precocious youth identified at age 12?* Colloquium Lecture. Department of Psychology, Purdue University: West Lafayette, IN.
- Kell, H. J., Makel, M. C., Lubinski, D., Putallaz, M., & Benbow, C. P. (2014, December). *Replicable evidence for outstanding creative accomplishment among the top .01% of cognitive ability*. President's Symposium. International Society for Intelligence Research: Graz, Austria.
- Lubinski, D. (2014, December). *Distinguished contributor interview: Ian J. Deary*. Interview conducted at the fifteenth annual meeting of the International Society for Intelligence Research: Graz, Austria.
- Lubinski, D. (2014, November). *Forty years later: What happens to mathematically precocious youth identified at age 12?* Keynote. IX Meeting of the Psychological Assessment of Minas Gerais State (EMAP) Fourth Latin American Congress of Psychological Assessment: Belo Horizonte, Brazil.
- Lubinski, D. (2014, May). *Forty years later: What happens to mathematically precocious youth identified at age 12?* Colloquium Lecture. Department of Psychology, University of Minnesota: Minneapolis, MN.
- Kell, H. J., Lubinski, D., & Benbow, C. P. (2013, December). "Wrecked by success?" *No! Linkages of career accomplishment, health, and relationship satisfaction among the gifted*. International Society for Intelligence Research: Hawthorn, Victoria, Australia.
- Lubinski, D. (2013, December). *Distinguished contributor interview: Nicholas J. Mackintosh*. Interview conducted at the fourteenth annual meeting of the International Society for Intelligence Research: Hawthorn, Victoria, Australia.
- Lubinski, D., Benbow, C. P., & Kell, H. J. (2013, December). *Forty years later: What happens to mathematically precocious youth identified at age 12?* President's Symposium. International Society for Intelligence Research: Hawthorn, Victoria, Australia.
- Makel, M. C., Kell, H. J., Lubinski, D., Putallaz, M., & Benbow, C. P. (2013, December). *Profound intellectual talent: A compelling phenotype for behavioral genetics and neuroscience inquiry*. President's Symposium. International Society for Intelligence Research: Hawthorn, Victoria, Australia.
- Lubinski, D. (2013, December). *Spatial ability: Its implications for the selection, classification, and persistence of military personnel*. National Research Council: Washington, D.C.

- Lubinski, D., Benbow, C. P., & Kell, H. J. (2013, October). *Forty years later: What happens to mathematically precocious youth identified at age 12?* Society for Multivariate Experimental Psychology: Tampa, FL.
- Lubinski, D. (2013, September). *The long term impact of finding and nurturing exceptional intellectual talent.* Invited Address. Grafenegg Congress on Talent Development: Grafenegg, Austria.
- Benbow, C. P., & Lubinski, D. (2013, August). *Forty years later: Mathematically precocious youth at midlife.* Plenary Session. American Psychological Association: Honolulu, HI.
- Lubinski, D. (2012, December). *Distinguished contributor interview: Richard J. Haier.* Interview conducted at the thirteenth annual meeting of the International Society for Intelligence Research: San Antonio, TX.
- Kell, H. J., Lubinski, D., Benbow, C. P., & Steiger, J. H. (2012, December). *Spatial ability: Its unique role in creativity and technical innovation.* International Society for Intelligence Research: San Antonio, TX.
- Kell, H. J., Lubinski, D., & Benbow, C. P. (2012, October). *Spatial ability: Its unique role in creativity and technical innovation.* Society for Multivariate Experimental Psychology: Vancouver, Canada.
- Lubinski, D. (2012, September). *Spatial ability's unique role in learning, work, and creativity: A 35-year longitudinal study of intellectually precocious youth.* Keynote Address, Spatial Cognition 2012: Munich, Germany.
- Lubinski, D. (2012, August). *Mathematically talented youth at age 50: Early results from a 40-year follow-up of SMPY participants.* Invited Address, Ester Katz Rosen Lecture. American Psychological Association: Orlando, FL.
- Lubinski, D. (2012, April). *What do we do well and what could we do better in the identification of gifted students?* Research Summit on Gifted and Talented Education: Johns Hopkins University, Baltimore, MD.
- Lubinski, D. (2012, March). *Revealing the educational efficacy of advanced learning environments for meeting the needs of mathematically talented youth: Using appropriate controls and longitudinal outcomes collected over 25 years.* Acceleration Summit: Washington, DC.
- Lubinski, D. (2012, January). *Critical questions in talent development: Answered through 40-years of longitudinal research by the Study of Mathematically Precocious Youth (SMPY).* Annual Hotung Lecture: Hong Kong.
- Lubinski, D. (2012, January). *Studying talent development among intellectually precocious youth: Philosophical and psychological implications of 40-years of longitudinal research.* Lingnan University: Hong Kong.
- Kell, H. J., Lubinski, D., & Benbow, C. P. (2011, December). *Identifying and tracking the development of exceptional human capital requires exceptional measures: Educational, occupational, and creative accomplishments of the profoundly gifted over three decades.* Paper presentation at the annual meeting of the International Society for Intelligence Research: Republic of Cyprus.
- Lubinski, D. (2011, December). *Distinguished contributor interview: Douglas K. Detterman.* Interview conducted at the twelfth annual meeting of the International Society for Intelligence Research: Republic of Cyprus.
- Lubinski, D. (2011, November). Grand Rounds. *Why is it difficult to do research on certain topics?* John F. Kennedy Center, Vanderbilt University: Nashville, TN.
- Lubinski, D., & Benbow, C. P. (2011, November). Signature Series. *Study of Mathematically Precocious Youth (SMPY): How 40 years of longitudinal research and theory development might shape educational policy and human capital initiatives.* National Association for Gifted Children: New Orleans, LA.

- Benbow, C. P., & Lubinski, D. (2011, November). Mini Keynote. *Critical questions in talent development: Answered through 40 years of longitudinal research by the Study of Mathematically Precocious Youth*. National Association for Gifted Children: New Orleans, LA.
- Benbow, C. B., & Lubinski, D. (2011, November). *Findings from the Study of Mathematically Precocious Youth: Four decades of longitudinal research*. American Enterprise Institute: Washington, DC.
- Kell, H. J., Lubinski, D., & Benbow, C. P. (2011, October). *Identifying and tracking the development of exceptional human capital requires exceptional measures: Educational, occupational, and creative accomplishments of the profoundly gifted over three decades*. Society for Multivariate Experimental Psychology: Norman, OK.
- Benbow, C. P., & Lubinski, D. (2011, August). Symposium. *Study of Mathematically Precocious Youth: Fresh longitudinal findings with implications for talent development*. American Psychological Association: Washington, DC.
- Lubinski, D. (2011, June). *The psychology of intellectual talent: Educational and career implications based on 40 years of longitudinal research*. Keynote Lecture, V Brazilian Conference of Psychological Assessment, Bento Goncalves, RS, Brazil.
- Lubinski, D. (2010, December). *Distinguished contributor interview: Frank L. Schmidt*. Interview conducted at the eleventh annual meeting of the International Society for Intelligence Research, Alexandria, VA.
- Park, G., Lubinski, D., & Benbow, C. P. (2010, December). *Time-saving from acceleration and the effect on STEM productivity in adulthood*. Paper presented at the eleventh annual meeting of the International Society for Intelligence Research, Alexandria, VA.
- Smeets, S., Lubinski, D., & Benbow, C. P. (2010, December). *Development of scientific excellence in top STEM graduate students as a function of the adviser-advisee relationship*. Paper presented at the eleventh annual meeting of the International Society for Intelligence Research, Alexandria, VA.
- Lubinski, D. (2010, December). *The Study of Mathematically Precocious Youth (SMPY): Four decades of longitudinal research with implications for STEM*. Colloquium Lecture, College of Engineering, Purdue University, West Lafayette, IN.
- Lubinski, D. (2010, December). *The psychology of intellectual precocity: Educational and career implications based on 40 years of longitudinal research*. Colloquium Lecture, College of Education, Purdue University, West Lafayette, IN.
- Lubinski, D. (2010, November). *Project TALENT: Its contemporary significance for the social sciences*. Symposium on Project TALENT, Gerontological Society of America, New Orleans, LA.
- Lubinski, D. (2010, October). *The Study of Mathematically Precocious Youth (SMPY), now living in a flat world: Four decades of longitudinal research*. Colloquium Lecture, Department of Psychology, University of Oklahoma, Norman, OK.
- Ferriman-Robinson, K., Lubinski, D., & Benbow, C. P. (2010, May). *Predictors of persistence in high-intensity STEM careers among top STEM graduate students: A 10-year longitudinal study*. Paper presentation at the tenth biennial Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Lubinski, D. (2010, May). *Educational acceleration, individual differences, and the elephant in the classroom*. Keynote Panel. Tenth biennial Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Park, G., Lubinski, D., & Benbow, C. P. (2010, May). *A 20-year follow-up of ability-matched accelerated gifted students*. Paper presented at the tenth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.

- Smeets, S., Lubinski, D., & Benbow, C. P. (2010, May). *Interventions, supports, and opportunities characterizing the development of exceptional accomplishments among intellectually precocious youth*. Paper presented at the tenth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Wai, J., Lubinski, D., Benbow, C. P., & Steiger, J. H. (2010, May). *Accomplishments in science, technology, engineering, and mathematics (STEM) and its relation to STEM educational dose: A 25-year longitudinal study*. Paper presented at the tenth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Lubinski, D. (2010, January). *The Study of Mathematically Precocious Youth (SMPY), now living in a flat world: Four decades of longitudinal research*. Colloquium Lecture, Department of Psychology, Duke University, Durham, NC.
- Lubinski, D. (2009, December). *Distinguished contributor interview: Charles Murray*. Interview conducted at the tenth annual meeting of the International Society for Intelligence Research, Madrid, Spain.
- Ferriman, K., Lubinski, D., & Benbow, C. P. (2009, December). *Predictors of persistence in high-intensity STEM careers: A 10-year longitudinal study*. Paper presented at the tenth annual meeting of the International Society for Intelligence Research, Madrid, Spain.
- Lubinski, D. (2009, August). *Cognitive and noncognitive characteristics of an innovator*. Expert Panel Discussion Preparing the Next Generation of STEM Innovators. National Science Board: Arlington, VA.
- Lubinski, D. (2009, July). *The Study of Mathematically Precocious Youth (SMPY): Now living in a flat world. Four decades of longitudinal research*. Symposium on SMPY at the 14th biennial conference of the International Society for the Study of Individual Differences. Evanston, IL.
- Lubinski, D. (2009, June). *Spatial ability: A sleeping giant for talent identification and development*. Festschrift presentation for Thomas J. Bouchard, Jr. University of Minnesota: Minneapolis, MN.
- Lubinski, D. (2009, May). *The high potential personality: Personality differences within exceptional human capital portend distinct developmental paths and creativity*. Building bridges between economics and personality. University of Chicago: Chicago, IL.
- Lubinski, D. (2009, March). *Giftedness as a construct*. Festschrift presentation for Joyce Van Tassel-Baska. College of William and Mary: Williamsburg, VA.
- Ferriman, K., Lubinski, D., & Benbow, C. P. (2008, December). *Work preferences, life values, and personal views of top math/science graduate students and the profoundly gifted: Developmental changes and sex differences during emerging adulthood and parenthood*. Paper presented at the ninth annual meeting of the International Society for Intelligence Research, Atlanta, GA.
- Lubinski, D. (2008, December). *Distinguished contributor interview: Ted Nettelbeck*. Interview conducted at the ninth annual meeting of the International Society for Intelligence Research, Atlanta, GA.
- Park, G., Lubinski, D., & Benbow, C. P. (2008, December). *Creativity and exceptional promise: The other half of cognitive epidemiology*. Paper presented at the ninth annual meeting of the International Society for Intelligence Research, Atlanta, GA.
- Wai, J., Lubinski, D., & Benbow, C. P. (2008, December). *Creativity in science, technology, engineering, and mathematics (STEM) and its relationship to STEM educational dose: A 25-year longitudinal study*. Paper presented at the ninth annual meeting of the International Society for International Society for Intelligence Research, Atlanta, GA.
- Lubinski, D. (2008, November). Vanderbilt delegation to China: Delivered a series of formal and informal presentations at Normal University (Beijing), Fudan Institute of Education (Shanghai), and the Institute

- of Education (Hong Kong) to facilitate collaborations between Vanderbilt faculty and academics at major research universities in China.
- Lubinski, D. (2008, September). *Intellectually precocious youth with exceptional potential for scientific creativity: What we know about maximizing their development*. Invited address: How can we improve our brains? The Banbury Center, Cold Spring Harbor Laboratory: Long Island, NY.
- Park, G., Lubinski, D., & Benbow, C. P. (2008, May). *For scientific creativity, ability matters within educational degrees*. Paper presented at the ninth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Wai, J., Lubinski, D., & Benbow, C. P. (2008, May). *Spatial ability for science, technology, engineering, and mathematics (STEM): Over a half century of cumulative science reveals its importance*. Paper presented at the ninth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Park, G., Lubinski, D., & Benbow, C. P. (2007, December). *For scientific creativity, ability matters within educational degrees*. Paper presented at the eighth annual meeting of the International Society for Intelligence Research, Amsterdam, The Netherlands.
- Wai, J., Lubinski, D., & Benbow, C. P. (2007, December). *Spatial ability for STEM domains: Over fifty years of cumulative psychological knowledge highlights its longstanding neglect*. Paper presented at the eighth annual meeting of the International Society for Intelligence Research, Amsterdam, The Netherlands.
- Lubinski, D. (2007, December). *Distinguished contributor interview: James R. Flynn*. Interview conducted at the eighth annual meeting of the International Society for Intelligence Research, Amsterdam, Netherlands.
- Lubinski, D. (2007, November). *SMPY at 35: The Study of Mathematically Precocious Youth now living in a "Flat World."* Invited address: Signature series. National Association for Gifted Children, Minneapolis, MN.
- Lubinski, D. (2007, July). *Tracking exceptional human capital over 25 years*. Keynote address. Biennial International Conference: International Association for Cognitive Education and Psychology, Knoxville, TN.
- Lubinski, D. (2007, June). *Tracking exceptional human capital over 25 years*. Invited address. Genius week. University of Pennsylvania, Philadelphia, PA.
- Benbow, C. P., & Lubinski, D. (2007, May). *Extending Sandra Scarr's ideas about development to the longitudinal study of intellectually precocious youth*. Invited address: A Festschrift for Sandra Scarr. Annual meeting of the Association for Psychological Science, Washington, DC.
- Bleske-Rechek, A., Webb, R. M., Lubinski, D., & Benbow, C. P. (2006, December). *Career outcomes and perceptions of the graduate advisor-advisee experience: A 10-year follow-up of the graduate students in the top-15 math-science programs*. Paper presented at the seventh annual meeting of the International Society for Intelligence Research, San Francisco, CA.
- Ferriman, K., Lubinski, D., & Benbow, C. P. (2006, December). *Sex differences in personal views among the top math/science graduate students and the profoundly gifted*. Paper presented at the seventh annual meeting of the International Society for Intelligence Research, San Francisco, CA.
- Park, G., Lubinski, D., & Benbow, C. P. (2006, December). *Intellectual topography of creative accomplishments in the arts and sciences: Some antecedents to C. P. Snow's "two cultures."* Paper presented at the seventh annual meeting of the International Society for Intelligence Research, San Francisco, CA.

- Webb, R. M., Lubinski, D., Benbow, C. P., & Bleske-Rechek, A. (2006, December). *Work-family balance among highly talented STEM professionals and their spouses: A 10-year follow-up of graduate students in the top-15 math-science programs*. Paper presented at the seventh annual meeting of the International Society for Intelligence Research, San Francisco, CA.
- Lubinski, D. (2006, December). *Distinguished contributor interview: John C. Loehlin*. Interview conducted at the seventh annual meeting of the International Society for Intelligence Research, San Francisco, CA.
- Lubinski, D. (2006, November). *Study of Mathematically Precocious Youth (SMPY) after 35 years: Uncovering antecedents for the development of math-science expertise*. National Association for Gifted Children, Charlotte, NC.
- Park, G., Lubinski, D., & Benbow, C. P. (2006, October). *Intellectual topography of creative accomplishments in the arts and sciences: Some antecedents to C. P. Snow's "Two Cultures."* Paper presented at the annual meeting of the Society for Multivariate Experimental Psychology, Lawrence, KS.
- Lubinski, D. (2006, August). *Personal attributes for the development of scientific expertise*. Plenary symposium. American Psychological Association, New Orleans, LA.
- Lubinski, D. (2006, August). *Standing on the shoulders of Terman: A tribute to Julian C. Stanley*. American Psychological Association, New Orleans, LA.
- Lubinski, D., Benbow, C. P., Webb, R. M., Bleske-Rechek, A., & Wai, J. (2006, August). *Tracking exceptional human capital over two decades*. American Psychological Association, New Orleans, LA.
- Wai, J., Lubinski, D., & Benbow, C. P. (2006, May). *Creativity: Individual differences within the top 1% of ability make a difference*. Poster presented at the eighth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Webb, R. M., Lubinski, D., & Benbow, C. P. (2006, May). *Spatial ability: A neglected dimension in talent searches for intellectually precocious youth*. Paper presented at the eighth biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Wai, J., Lubinski, D., & Benbow, C. P. (2005, December). *Creative accomplishments covary with ability even among the top 1%*. Paper presented at the sixth annual meeting of the International Society for Intelligence Research, Albuquerque, NM.
- Webb, R. M., Lubinski, D., & Benbow, C. P. (2005, December). *Spatial ability: A neglected dimension in talent searches for intellectually precocious youth*. Paper presented at the sixth annual meeting of the International Society for Intelligence Research, Albuquerque, NM.
- Lubinski, D. (2005, December). *Distinguished contributor interview: Earl B. Hunt*. Interview conducted at the sixth annual meeting of the International Society for Intelligence Research, Albuquerque, NM.
- Lubinski, D., Benbow, C. P., Webb, R. M., Bleske-Rechek, A., & Wai, J. (2005, October). *Tracking exceptional human capital over two decades*. Paper presented at the annual meeting of the Society for Multivariate Experimental Psychology, Lake Tahoe, NV.
- Lubinski, D. (2005, January). *Modeling the development of exceptional intellectual talent*. Colloquium Lecture, Department of Psychology, Washington University, St. Louis, MO.
- Lubinski, D., Benbow, C. P., Webb, R. M., & Bleske-Rechek, A. (2004, December). *Tracking exceptional human capital*. Paper presented at the fifth annual meeting of the International Society for Intelligence Research, New Orleans, LA.
- Wai, J., Lubinski, D., & Benbow, C. P. (2004, December). *Vocational achievement and creativity among intellectually precocious youth: An age 13 to age 33 longitudinal study*. Paper presented at the fifth annual meeting of the International Society for Intelligence Research, New Orleans, LA.

- Lubinski, D. (2004, December). *Distinguished contributor interview: Thomas J. Bouchard, Jr.* Interview conducted at the fifth annual meeting of the International Society for Intelligence Research, New Orleans, LA.
- Lubinski, D. (2004, September). *Examining the development of intellectually precocious youth over the life span: Standing on the shoulders of Charles Spearman (1904)*. Keynote Address. Annual Meeting of the Spanish Society for the Study of Individual Differences, University of Barcelona, Barcelona, Spain.
- Wai, J., Lubinski, D., & Benbow, C. P. (2004, May). *Ability intensity and ability/preference configuration both contribute to the prediction of educational and vocational outcomes over 20 years*. Paper presented at the seventh biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Webb, R. M., Lubinski, D., & Benbow, C. P. (2004, May). *Trait constellations in intellectually able adolescents: Distinct preference patterns and educational choices at contrasting levels of spatial ability*. Paper presented at the seventh biennial Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Lubinski, D. (2004, March). *Studying talent development among intellectually precocious populations throughout the life span*. Colloquium Lecture, Department of Psychology, University of Illinois, Champaign, IL.
- Webb, R. M., Lubinski, D., & Benbow, C. P. (2003, December). *Trait constellations in intellectually precocious adolescents: Integrating cognitive abilities, interests, and personality*. Paper presented at the meeting of the International Society for Intelligence Research. Irvine, CA.
- Lubinski, D. (2003, December). *Distinguished contributor interview: Arthur R. Jensen*. Interview conducted at the fourth annual meeting of the International Society for Intelligence Research, Irvine, CA.
- Lubinski, D. (2003, October). *Intellectual precocity*. Invited Address. Gallup Organization's Summit on Positive Psychology. Washington, DC.
- Lubinski, D. (2003, September). *Evaluating the psychological import of surface traits versus source traits*. Paper presented at the annual meeting of the Society for Multivariate Experimental Psychology, Keystone, CO.
- Lubinski, D. (2003, June). *The neglected role of ability tests in large-scale assessments*. Council of Chief State School Officers: Annual National Conference, San Antonio, TX.
- Bleske-Rechek, A., Lubinski, D., & Benbow, C. P. (2002, December). *Importance of Advanced Placement: Intellectually talented individuals report on their high school experiences*. Paper presented at the meeting of the International Society for Intelligence Research. Nashville, TN.
- Webb, R. M., Lubinski, D., & Benbow, C. P. (2002, December). *Mathematically facile adolescents with math/science aspirations: New perspectives on their educational and vocational development*. Paper presented at the meeting of the International Society for Intelligence Research. Nashville, TN.
- Lubinski, D. (2002, September). *Untangling the causal influences of general intelligence and SES in determining important life outcomes*. Paper presented at the annual meeting of the Society for Multivariate Experimental Psychology, University of Virginia, Charlottesville, VA.
- Lubinski, D. (2002, August). *Construct validity for the new century*. Invited Address. American Psychological Association, Chicago, IL.
- Lubinski, D. (2002, May). *On becoming a natural: Studying intellectual precocity throughout the lifespan*. Julian C. Stanley Keynote Address. Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.

- Lubinski, D. (2002, April). *Contemporary findings from the Study of Mathematically Precocious Youth: What they tell us about talent development*. Colloquium Lecture. Department of Psychology, Georgia Institute of Technology. Atlanta, GA.
- Webb, R. M., Lubinski, D., & Benbow, C. P. (2002, April). *Mathematically facile adolescents with math/science aspirations: New perspectives on their educational and vocational development*. Paper presented at the meeting of the American Educational Research Association, New Orleans, LA.
- Lubinski, D., Benbow, C. P., Shea, D. L., Eftekhari-Sanjani, H., & Halvorson, M. B. J. (2001, December). *Men and woman at promise for scientific excellence: Similarity not dissimilarity*. Paper presented at the meeting of the International Society for Intelligence Research. Cleveland, OH.
- Lubinski, D. (2001, November). *Facilitating the development of different kinds of intellectual precocity through longitudinal research*. Keynote Address: Spearman symposium. University of Sydney, Sydney Australia.
- Lubinski, D. (2001, November). *The intelligence phenotype*. Invited presentation for an American Association for the Advancement of Science (AAAS) meeting: Crafting Tools for Public Conversation about Behavior Genetics. Washington, DC.
- Lubinski, D., Benbow, C. P., Shea, D. L., Eftekhari-Sanjani, H., & Halvorson, M. B. J. (2001, October). *Men and woman at promise for scientific excellence: Similarity not dissimilarity*. Paper presented at the meeting of the Society for Multivariate Experimental Psychology, Monterey, CA.
- Lubinski, D., & Benbow, C. P. (2001, August). *Ten- and twenty-year findings from the Study of Mathematically Precocious Youth (SMPY)*. World Conference, Barcelona, Spain.
- Lubinski, D., Benbow, C. P., Shea, D. L., Eftekhari-Sanjani, H., & Halvorson, M. B. J. (2001, April). *Men and woman at promise for scientific excellence: Similarity not dissimilarity*. Paper presented at the meeting of the American Educational Research Association, Seattle, WA.
- Lubinski, D. (2000, August). *Positive and negative emotionality: Their role in the development of expertise*. Symposium. Emotional core of personality: A tribute to Auke Tellegen. American Psychological Association, Washington, DC.
- Lubinski, D. (2000, May). *Gifted education in the 1900s: Major successes and failures*. Invited Panelist. Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Shea, D. L., Lubinski, D., & Benbow, C. P. (2000, October). *Importance of assessing spatial ability in intellectually talented young adolescents: A 20-year longitudinal study*. Paper presented at the meeting of the Society for Multivariate Experimental Psychology, Saratoga Springs, NY.
- Benbow, C. P., Lubinski, D., & Shea, D. L. (2000, April). *Findings from SMPY's first 20-year follow up: What they tell us about talent development*. Paper presented at the meeting of the American Educational Research Association, New Orleans, LA.
- Lubinski, D., Webb, R. M., Morelock, M. J., & Benbow, C. P. (2000, April). *Top 1 in 10,000: A 10 year follow up of the profoundly gifted*. Paper presented at the meeting of the American Educational Research Association, New Orleans, LA.
- Lubinski, D. (1999, November). *Intelligence: Success and fitness*. Invited address: The Novartis (formerly Ciba) Foundation (Symposium No. 233), The nature of intelligence. London, UK.
- Lubinski, D. (1998, August). *Findings from SMPY's first 20-year follow up*. Invited address: Presidential symposium on prevention. American Psychological Association, San Francisco, CA.
- Lubinski, D. (1998, May). *Personal determinants of scientific achievement*. Invited address. Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.

- Lubinski, D. (1997, September). *The theory of work adjustment: How it helps us understand educational and vocational adjustment*. Paper presented to the American Board of Vocational Adjustment, Minneapolis, MN.
- Benbow, C. P., & Lubinski, D. (1997, August). *Understanding gender differences in math/science careers*. Invited Address. American Statistical Association, Anaheim, CA.
- Lubinski, D. (1997, August). *Human abilities, interests, and personality: Their role as determinants of scientific excellence*. Invited Address (1996 Distinguished Scientific Award for Early Career Contribution to Psychology: Applied Research/Psychometrics). American Psychological Association, Chicago, IL.
- Lubinski, D., & Thompson, T. (1997, August). *Another's nature as one's own: Humanity and communicative variation*. Invited Address (1996 George A. Miller Award - Division I: Outstanding Article in General Psychology). American Psychological Association, Chicago, IL.
- Benbow, C. P., & Lubinski, D. (1997, April). *The Study of Mathematically Precocious Youth (SMPY): Empirical findings based on 25 years of empirical research*. Paper presented at the meeting of the Society for Research in Child Development, Washington, DC.
- Achter, J. A., Lubinski, D., & Benbow, C. P. (1995, November). *Multipotentiality among the intellectually gifted: It was never there in the first place, and already it's vanishing*. Paper presented at the meeting of the National Association for Gifted Children, Tampa, FL.
- Lubinski, D. (1995, July). *Intellectual abilities, interests, and personality: Their role as determinants of what we experience and how we choose to develop*. Invited Address. American Psychological Society, New York, NY.
- Lubinski, D. (1995, May). *Temporal stability of vocational interests and values among the intellectually gifted: A 15- and 20-year longitudinal study*. Paper presented at the Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Lubinski, D. (1995, April). *Differential educational/vocational expectations as a function of contrasting mathematical, spatial-mechanical, and verbal ability profiles: A longitudinal analysis of Project TALENT*. Invited Address. Division C, American Educational Research Association, San Francisco, CA.
- Benbow, C. P., & Lubinski, D. (1993, November). *How teachers can respond to different types and levels of giftedness, gender differences, and the different interests of gifted students*. Paper presented at the meeting of the National Association for Gifted Children (NAGC), Atlanta, GA.
- Lubinski, D. (1993, October). *Identifying and fostering spatially gifted, socio-economically disadvantaged students with special aptitude for the physical sciences, creative arts and engineering*. In Gifted and talented students: Recognition and response. Invited seminar conducted by The Faculty of Professional Studies, The University of New South Wales, Kensington, Australia.
- Lubinski, D. (1993, October). *Individual differences among mathematically gifted students: Implications for counselors and teachers*. In Gifted and talented students: Recognition and response. Invited seminar conducted by The Faculty of Professional Studies, The University of New South Wales, Kensington, Australia.
- Benbow, C. P., & Lubinski, D. (1993, August). *Reconceptualizing gender differences in achievement among the gifted: An outcome of contrasting attributes for personal fulfillment in the world of work*. In Gender differences in abilities, achievements and attitudes among the gifted. Symposium conducted at the 10th World Congress on Gifted and Talented Education, Toronto, Canada.
- Lubinski, D. (1993, May). *Spatial abilities: The educational significance of assessing all three sectors of the radex*. Paper presented at the Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.

- Benbow, C. P., & Lubinski, D. (1993, January). *Gender differences in mathematical reasoning: Some biological linkages*. In The origins and development of intellectual talent. Invited symposium conducted at the meeting of the CIBA Foundation, London, England.
- Benbow, C. P., & Lubinski, D. (1992, June). *Gender differences in abilities and preferences among the gifted: Implications for the math/science pipeline*. Invited address. American Psychological Society, San Diego, CA.
- Lubinski, D. (1991, May). *On the relation between intellectual precocity and "psychological androgyny."* Paper presented at the Henry B. and Jocelyn Wallace National Research Symposium on Talent Development, Iowa City, IA.
- Lubinski, D. (1990, August). *Species and individual differences in the communication of private states*. Invited address. Division 25, American Psychological Association, Boston, MA.
- Lubinski, D. (1988, May). *Constructing animal models of the interpersonal communication of private states: Synthesizing behavior experimentally*. Paper presented at the annual meeting of the Association for Behavior Analysis, Philadelphia, PA.
- Thompson, T., & Lubinski, D. (1984, October). *Units of analysis and the kinetic structure of behavior*. Paper presented at a symposium honoring Kenneth MacCorquodale, St. Paul, MN.
- Thompson, T., & Lubinski, D. (1982, May). *A functional taxonomy of behavioral units*. Paper presented at the meeting of the Association for Behavior Analysis, Milwaukee, WI.

Conference & Symposia (Organized)

- Lubinski, D., & Detterman, D. K. (2019, July). *Behavioral genetics of intelligence: Its history to the forefront of big data advances*. A full day Lecture Series (the day prior to ISIR's annual conference) consisting of three two-hour lectures to graduate students and postdocs as well as all ISIR conference attendees. Speakers: Thomas J. Bouchard Jr., James J. Lee, & Matthew McGue.
- Lubinski, D. (2014, October). *Annual Meeting of the Society of Multivariate Experimental Psychology*. Local Host. Nashville, TN.
- Haywood, H. C., & Lubinski, D. (2002, December). *Futures of intellectual assessment and psychometrics*. A full-day symposium of 11 scientific papers (the day prior to ISIR's annual conference). Nashville, TN.
- Benbow, C. P., & Lubinski, D. (1992, April). *From psychometrics to giftedness*. A full-day symposium of 22 scientific papers presented in honor of Julian C. Stanley (the day prior to AERA's annual convention). San Francisco, CA.

Courses/Seminars Taught

- General Psychology, Psychological Measurement, Assessing Individual Differences in Human Behavior, Human Abilities, Personality Assessment, and Statistics
