

# Life Phase

S E R I E S

## Successful Fall Gardening & Composting

**Thursday, August 10**

**12:00 – 1:00 pm**

**Teaching Kitchen**

**Vanderbilt Recreation and Wellness Center**

Join guest speaker Ryan Cooper, Irrigation Specialist for Vanderbilt University's Grounds Department, as he presents composting techniques as well as ways to 'ready your garden' for successful fall crops. Mr. Cooper is a past greenhouse manager for the research branch of the University of Maryland, speaker at master gardener state conferences, and excited to share his horticulture expertise.
