Petition for Approval of Ensemble for Zero Credit

Student Name \_\_\_\_\_

Student ID\_\_\_\_\_

Semester/Year \_\_\_\_\_

After their first semester, students with a strong academic profile who wish to take an overload may petition for zero credit registration in a single ensemble.

If granted, students should be aware that the semester's zero-credit ensemble work will not count toward the total number of hours in music required for the degree program. It will, however, fulfill a required ensemble enrollment. Zero credit for <u>required</u> ensembles is reserved for students with second majors/minors or a pre-professional program. Required ensembles taken for zero credit must be replaced by other music electives in order to receive the minimum number of credit hours in music.

I am requesting permission to be registered for the following ensemble for zero credit:				
	Course Number	Section	Instructor	
MUSE				
Reason for reques	st:			

Faculty Approval:	
Studio Teacher Signature	Date
Academic Adviser	Date
Associate Dean Signature	Date
