Expected Graduation Date: _____ Expected Study Abroad Term: _____

Study Abroad Institution: _____

I have discussed my study abroad plan with my CS academic adviser and have received approval from them to proceed with my application.

Student signature and date

Academic Adviser Approval

Adviser signature and date

Things to discuss with your adviser:

- Am I on track to graduate on time in my major? What is the four-year plan for my degree?
- Are there any potential changes or adjustments to my schedule or the curriculum ahead?
- What courses can I move to a different semester to accommodate study abroad?
- Do you have any recommendations about where I should study abroad in order to maximize my personal and professional development?
