Meet Baylee, a 1st year Masters student!

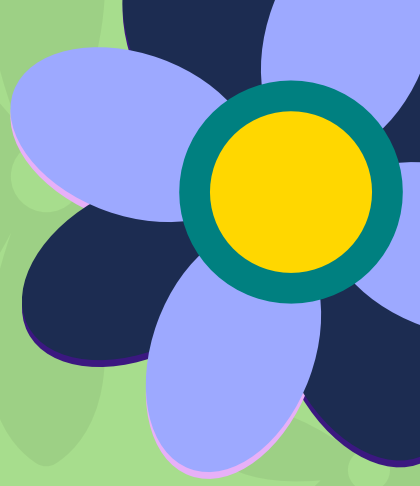

.....

She once did a research program where she lived on a boat for a month visiting different islands in the Caribbean and going scuba diving!

She loves Taylor Swift!

She has a dog named Bindi who she loves with all her heart!

What have you been working on in Barton's Lab?

"I'm working on fidelity for another student's parent coaching thesis. It's been so great to watch the sessions and see how feedback is delivered. I've also been helping to screen and code for a review on emotion word learning in early childhood."

What did you do before  
Vanderbilt?

"I graduated from the University of Georgia with a B.S. in Psychology this past May. I was also an RBT there and fell in love with the field!"

What do you hope to do after you graduate from Vanderbilt?

"I feel like I've just started, so I'm still not sure, but I'd love to be an in-home behavior analyst in rural communities."
