

FUN FRIDAY

**THE FLOOR
IS LAVA**

Barton Lab

HOW TO PLAY

Designate 'safe' areas that would not be considered in the lava (ex: not directly touching the floor, on a carpet or couch).

Choose one person who will decide when to say, "The floor is lava!"

Once they say, "The floor is lava!" the other players must find the fastest way to get out of the lava before they are considered 'burned' by the lava.

Players must stay out of the lava for as long as the designated person declares. If they touch the lava, they then begin watching to see if other players touch the lava too!
