

2017 Meeting of National Directors of Graduate Studies in Pharmacology and Physiology (NDOGS)

About the Meeting

NDOGS is the biennial meeting of the National Directors of Graduate Studies in Pharmacology and Physiology. This meeting is designed to serve as a forum for exchanging information among those training graduate students in the disciplines of Pharmacology and Physiology. As a collaboration between the American Society for Pharmacology and Experimental Therapeutics (ASPET) and the American Physiological Society (APS) the meeting has broad participation among colleagues with a common cause and similar challenges.

Meeting Dates

June 28-30, 2017

Location

Stony Brook University

The Wang Center
100 Nicolls Road
