### [ASPIRE Cafe for Postdoctoral Fellows:](#)

#### [Developing Your Mentoring Style](#)

Featuring Kathy Gould, PhD, Senior Associate Dean for Biomedical Research Education and Career Development

Thursday, March 11 • 11:00am • [Zoom registration required.](#)

## SPECIAL ANNOUNCEMENTS

We are accepting applications for the [ASPIRE Module: Practical Strategies for Strong Writing!](#) Led by Dr. Beth Estes from the Writing Studio, this is a 3 session module (offered virtually) focused on effective writing. After 2 sessions working with Dr. Estes, a 3<sup>rd</sup> session is held with the Writing Studio Consultants. If you want to spend your March working on your writing, be sure to get your application in for this offering. **The application deadline has been extended to March 8<sup>th</sup>.**

---

The application for the [ASPIRE to Innovate Postdoctoral Fellowship Program](#) is due on March 15! This pilot initiative will hire a biomedical sciences postdoc to launch a successful start-up leveraging intellectual property of Vanderbilt University. Fellows will work full-time to develop a commercialization strategy on a particular technology while immersing themselves in the local bioscience entrepreneurial ecosystem. [Check out our website](#) to learn about eligibility requirements and how to apply. Questions? Contact Ashley Brady, [ashley.brady@vanderbilt.edu](mailto:ashley.brady@vanderbilt.edu). **Deadline to apply is noon, Monday, March 15, 2021**

## ANNOUNCEMENTS

Be sure to check out the [Vanderbilt Data Science Institute](#) workshops for the month of March. Workshops are open to the entire Vanderbilt community.

Join the Vanderbilt Women's Center for an upcoming discussion of the documentary [Picture a Scientist](#) on March 9th Watch the movie [here](#) on your own prior to the event.

The Meharry-Vanderbilt Community Engaged Research Core announces a new round of [Community Scholars Awards](#) for the 2021-2022 school year. The Community Scholars Award provides support for two graduate or post graduate trainees to perform a community engaged research project collaboratively with a community-based organization, during the academic school year.

The [\*\*Digital Scholarship and Communications \(DiSC\) Office of the Libraries\*\*](#) is offering online beginner lessons in R using RStudio and Python using Jupyter notebooks during the spring semester.

Apply for the [\*\*Data Science for Social Good Program\*\*](#) sponsored by the Vanderbilt Data Science Institute. This is a ten-week experience where participants work as part of a data science team on a pre-selected project for a not-for-profit organization, Vanderbilt group, or government organization.

The [\*\*Graduate Career Consortium PhD & Master's Virtual Career Expo\*\*](#) will be held virtually this Wednesday, March 3. Interact real-time via live chat sessions and meet top-notch employers seeking candidates with advanced degrees.

Interested in learning more about the work of your women colleagues and practitioners of data science? The Data Science Institute and Genetics Institute at Vanderbilt University are hosting a regional [\*\*Women in Data Science \(WiDS\)\*\*](#) conference on Monday March 8, including a set of featured speakers and a panel on careers in data science

[\*\*The Defense Forensic Science Center\*\*](#) is currently accepting applications for their Forensic Science Internship. The DFSC is the DoD's premier forensic center, located on the Gillem Enclave in Forest Park, Georgia

UCSF is actively recruiting for their [\*\*Path to Postdoc Program\*\*](#)! They seek applications from outstanding senior graduate students interested in pursuing postdoctoral training at UCSF or the associated Gladstone Institutes, especially those from backgrounds historically marginalized in academic biomedical research. Please note that the deadline to apply for the June Cohort is May 17, 2021.

With the goal to accelerate discovery, the Health Research Alliance and PLOS present the [\*\*Essay Challenge: "Reimagine Biomedical Research for a Healthier Future."\*\*](#) In addition to cash prizes, winners will be published in PLOS and highlighted in an HRA-hosted webinar.

Apply for [\*\*Postdoc Preview at Univ of Michigan Medical School\*\*](#). During a virtual visit, candidates will interview with prospective mentors, network with our current postdocs, and learn about life in Ann Arbor.

[\*\*Inscripta's Computational Sciences and Engineering team\*\*](#) is hiring interns for Summer 2021! They are looking for a wide range of skills in bioinformatics, data science, computer

engineering dev-ops, as well as enthusiastic candidates looking to cross-train in any of these areas.

[\*\*ADvantage\*\*](#) is accepting applications. This is a one-week internship for Advanced Degrees seeking a deeper immersion into life at Bain & Company. The internship begins with a full day of training, followed by four days of a staffing assignment on a real Bain case team.

The [\*\*McKinsey Advanced Professional Degree\*\*](#) recruiting team is excited to get to know you virtually over the coming months and to share a few resources to help you learn more about them!

[\*\*PRISM\*\*](#) (Postdoctoral Recruitment Initiative in Science and Medicine) is an opportunity for select late-stage graduate students from broadly diverse backgrounds to explore postdoctoral training at Stanford, including interviewing with potential mentors, getting the inside scoop on postdoctoral training at Stanford from current postdocs, and accessing professional development to score the best postdoc for them.

Round 2 of applications for the [\*\*Stanford Propel Postdoctoral Scholars Program\*\*](#) opens today! Propel provides inclusive training for outstanding postdoctoral scholars in the School of Medicine focused on academic careers.

Interested in a research career in government? [\*\*The National Academies of Sciences, Engineering, and Medicine\*\*](#) sponsors awards for postdoctoral and senior researchers at participating federal laboratories and affiliated institutions.

[\*\*Bridge to BCG 2021\*\*](#) will take place virtually May 24 through May 27. This is an immersive workshop designed to help you test-drive the BCG case team experience

The [\*\*Scientist Mentoring & Diversity Program \(SMDP\) calls for applicants for the 2021 year\*\*](#). This one year career mentoring program pairs ethnically diverse students (Baccalaureate, Master or Ph.D.) and early career researchers with industry mentors who work at companies in the medical technology, biotechnology and consumer healthcare industries.

[\*\*The Boston University Clinical & Translational Science Institute TL1 Post-Doctoral Fellowship in Regener\*\*](#) is accepting applications. If you are interested in research in regenerative medicine, check out this funding opportunity and look at BU research labs for postdoc opportunities in this research area.
