What is the VPIL Capstone Project?

The two-year VPIL curriculum includes a focus on basic quality improvement skills. This year's capstone highlights the improvement project each team designed for their clinic. Throughout their second year in their VPIL clinic, teams assessed needs, presented a proposal and implementation strategy, and identified methods for measuring impact.

2015 VPIL Improvement Projects

Vanderbilt Ingram Cancer Center (Kassim)

Impact of multimodal level interventions on patients in an adult sickle cell disease clinic

Vanderbilt Ingram Cancer Center (Neuss)

Improving the check out process of the Vanderbilt Ingram Cancer Clinic

Vanderbilt Pediatric Primary Care Clinic (Gigante)

Ring Ring ... Pick up the phone!

Improving appointment compliance: implementation of a 24-hour phone call reminder system

Vanderbilt Pediatric Primary Care Clinic (Moore)

Improving patient education through an eczema action plan

Palliative Care Unit at the Nashville VA Medical Center

Improved nail care: a route to heightened dignity, satisfaction and hygiene among veteran patients

Vanderbilt Dialysis East Clinic

Party on the dialysis unit: flashing lights, robot beeps and alert fatigue

Cardiovascular Intensive Care Unit at Vanderbilt University Hospital

Improving knowledge and confidence in medication management among post-operative CVICU patients

Osher Center for Integrative Medicine at Vanderbilt

Improving patient knowledge of their treatment plan

Many thanks to today's speakers
