

Vanderbilt Program in Molecular Medicine

Seminar Series

Spring 2019

- January 9 **Bench-to-Bedside** hosted by **Matthew Semler, MD**
"Caring for Critically Ill Adults: Improving Understanding and Outcomes"
1220 MRB III
- January 23 **Megan Shuey, MS, PhD**
"BioVU-A Translational Researcher's Dream. Lessons in Use from Graduate
School and Beyond."
Light Hall 350
- February 6 **Bench-to-Bedside** hosted by **Mark Wigger, MD**
Heart Failure, LVADs and Transplants
1220 MRB III
- February 20 **Alejandra Morales-Romero, VPMM Trainee, Graduate Student**
TBA
- Lindsay Redman, VPMM Trainee, Graduate Student**
"Functional genomics approach to evaluate mechanisms of mutant p53 gain-of-
function phenotypes"
Light Hall 350
- March 6 **Bench-to-Bedside** hosted by **Michael DeBaun, MD**
Sickle Cell Disease
1220 MRB III
- March 20 **Matthew Cottam, VPMM Trainee, Graduate Student**
"Memory T Cells in Weight Cycling"
- Nathan Klopfenstein, VPMM Trainee, Graduate Student**
"Prostaglandin E2 improves host defense in diabetic skin infection"
Light Hall 350
- April 3 **Bench-to-Bedside** hosted by **Alyssa Hasty, PhD & Katherine
Bachmann, MD**
Type 2 Diabetes
1220 MRB III
- April 17 **Clinical Rounds Panel**
Light Hall 350
- May 1 **Bench-to-Bedside** hosted by **Maie El-Sourady, MD**
Palliative Care
1220 MRB III
- May 15 **Mark Pilkinton, MD, PhD**
TBA
Light Hall 350
- June 5 **Bench-to-Bedside** hosted by **Scott Guelcher, PhD**
Bioengineering
1220 MRB III

Please note: The VPMM Retreat will be held on Tuesday, July 9, 2019.
