Industry Employment

Director of Project Development, Dayton Development Coalition, 2004 – 2005.

Responsibilities for this regional economic development group included strategy development and implementation of the region's shovel ready sites program, which entailed investment in excess of ten million dollars to develop speculative business location sites. Additional responsibilities included analysis, structuring, and administration of business recruitment activities, drawing upon a diverse set of public and private funding sources.

Director of Finance and Administration, Solve Interactive, 2000 – 2004.

Responsibilities for this internet development start-up included all tasks associated with initial creation of company (structure, budgets, policies), definition of accounting system and all associated policies, strategic planning, development and ongoing operation of proposal development processes, negotiation of all corporate contractual agreements (including pricing of all services), and development of corporate marketing materials.

Project Manager/Controller/President, JMD Development, Inc., 1993 – 2000.

Responsibilities for this residential land development company increased from management of one individual project to management of and responsibility for all aspects of corporate operation, including signature authority over all corporate accounts and property. Areas of responsibility and experience included corporate strategy, land acquisition, land development, sales and marketing, corporate financial planning, and general management.

Project Manager, Emerald Construction Company, 1992 – 1993.

Responsibilities for this custom home builder included analysis of business expansion opportunities and development of customer service and tracking system.
