

2019 ADVOCACY SUMMIT

March 31 – April 2 | Washington, D.C.
Washington Marriott Georgetown, 1221 22nd Street NW

Save the Children and Save the Children Action Network believe every child deserves a strong start in life. That's why we are bringing together advocates from across the country for the 2019 Advocacy Summit—to call on our elected leaders to invest in children from the start.

What is the Advocacy Summit?

The Advocacy Summit is a three-day experience of dynamic sessions, exciting speakers and meetings with your elected leaders. The summit provides a unique opportunity for our supporters to delve deeper into the issues, receive training from leading experts and act to ensure that matters critical to children's lives and futures are prioritized by our elected leaders.

The Advocacy Summit convenes congressional leaders, journalists, policy experts and individuals just like **you** who are committed to a shared vision for children's futures. Whether you have attended the summit before or are attending for the first time, you will find this summit inspiring, helpful and valuable. You'll return home as an even stronger voice for children.

Why Advocacy?

Simply put, the time has come to give a voice to those who are unable to advocate for themselves: our children. We must be the voice for kids, working together to help children at home and abroad survive and thrive.

Advocacy is one of the most powerful and effective ways you can use your voice to raise awareness about the needs of vulnerable children and put positive pressure on our leaders to act.

We believe every child should have the opportunity for a strong start in life, with the best chance for a bright future. Advocacy will help make that belief a reality.

Save the Children

Save the Children is the nation's preeminent child-serving organization investing in childhood in the U.S. and around the world. Save the Children is a nonpartisan organization that is respected by Americans of all political persuasions for its work to give children a healthy start, the opportunity to learn and protection from harm. Save the Children believes that by transforming children's lives now, we can change the course of their future and ours.

Save the Children Action Network

Save the Children Action Network is the political advocacy arm of Save the Children. We believe every child deserves the best start in life. That's why we're building bipartisan will and voter support to ensure kids have what they need to survive and thrive.
