

How do I add online textbook content to my course?

You can add online textbook content to your Blackboard course. Linking to Blackboard will allow students to access the textbook site directly through Blackboard. Vanderbilt's partner content includes WileyPLUS, Cengage, McGraw-Hill, and Pearson.

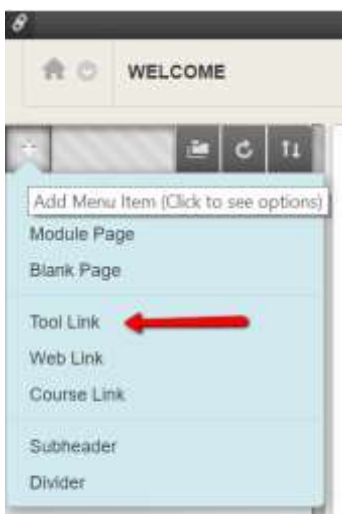

1. Under the Course Management panel, click Customization > Tool Availability.

2. Find the appropriate Partner Content, check the box, and click Submit at the bottom, left of the page.

To add the tool to left-hand menu panel:

Hover you mouse over the plus sign at the top left corner of the menu. Click Tool Link.

Select the Tool Type and enter the name as you would like it to appear on the menu panel.
