

BOLLYWOOD & BEYOND

- I was inspired by Toy Story and the characters – Woody and Buzz Lightyear – an enduring friendship built on mutual respect, teamwork and empathy that serves as the basis of their many adventures together to - Infinity & Beyond.
- I hope we can provide opportunities for many such accidental and serendipitous adventures that result in good friendship and fellowship.
- Bollywood & Beyond is a Gateway – a smorgasbord – to bring the joy of Movies, Music, Cuisine and more.
- Growing up in Mumbai – A Megapolis – has been my driving inspiration to bring a taste of that world to the Nashville community

Our sample offerings will include:

- **Movies** – with cultural underpinnings, a beautiful storyline and a *paisa vasool* (getting your money's worth) cinematic experience
- **Music & Dance** – Be it to the beats of drums, sitar, violin, guitar, piano- an instrumental solo or a music concert –
- **Food** – An multi-ethnic cuisine that is wholesome and healthy or as simple as a Tea ceremony
- **Health** – Hikes and outdoor outings -- **Guest Speakers / Readings – Poetry & Prose**
- **Adventure Travels** – Local, Domestic, International
- My wish is to bring Joy, the Magic & Masala to the community that spice up your life - that not only adds years to your life but much needed life in your years.
- Variety is indeed the spice of life
