The dialog box has a dark header with the Vanderbilt University logo and the text 'Sign On'. Below the header, it says 'Please sign on and we'll send you right along.' There are two input fields: 'Username' and 'Password'. At the bottom, there is a 'Ping' logo, a 'Cancel' button, and a green 'Sign On' button.

In order to save a draft of the application, you must check the acknowledgment at the end of the application.

Review and Timing Acknowledgement

I give permission to the VUSRП committee to review my transcript on evaluating my application and certify that if I am selected for a VUSRП Fellowship and accept the award I will be able to engage in 10 weeks of full time research over the summer.

The official dates of the program generally coincide with Vanderbilt's full summer session. Shifting the dates of participation in the program from the official ones is permitted, as long as the Fellow is engaged in 10 weeks of full-time research over the course of the summer (e.g., starting the program a bit early, or ending it a bit late is permitted). Students must also be available to participate in the oral presentations that are held during the last three weeks of the program. Students whose VUSRП project involves working abroad, or at a far off-campus site can in most such cases have their participation in the oral presentations waived. Any significant deviations (>2 weeks absence during the regular 10 week period) from the program dates should be stated and discussed in the body of the application.
